CATHOLIC FAIR TO BE HELD IN OCTOBER

St. Francis Parish To Give Benefit Three Nights. Many Fine Contributions Already Received.

St. Francis parish will hold a Fair on the 27th, 28th and 29th of October. The ladies of the parish met with Rev. J. F. Byrne Wednesday of this week and from the plan outlined and the gifts announced, it will be one of the best fairs Sonoma has ever had. The proceeds will go toward the building fund of the parish, and it is expected that the modern parochial residence now being built will be turned over by the contractors about that time.

Already many handsome and substantial contributions have been made for the Fair and in due time will be on exhibition. A well bred Jersey cow, a victrola and other valuable gifts have been made by friends and members of the parish. Among unique and valuable contributions received is the hope chest containing the most elaborate handwork. Pending the sale for the good cause, insurance of over \$1000 has been taken out on it.

The entertainment features of the 1922 Fair will excel anything heretofore staged in Sonoma. Rev. Father Byrne having been promised many professional stars and artists of note for the various nights.

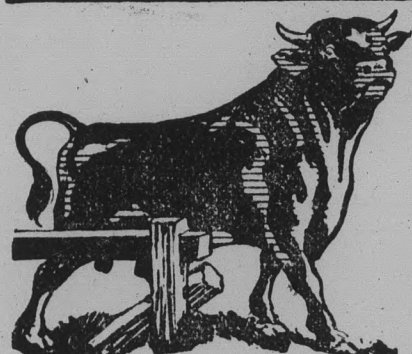

A beautiful scheme of decoration and display is being worked out by the ladies appointed to oversee the different booths at the Fair.

THIRTY HEAD OF SPRECKELS' RANCH COWS PURCHASED

Mr. P. McDonnell of the Spreckels ranch has sold 30 head of milch cows to a Glenn county buyer. The Valley of the Moon herds are attracting attention and a good price was realized for the Spreckels' stock.

Mr. and Mrs. George Lowell have been away on a motor trip to Humboldt, Mendocino and Lake counties. Norma Cowan is home from the rodeo with the honor of having captured three first prizes.

Henry Weber Jr. and the Ring boys are to motor down to Santa Cruz this week end.

PAVING OF BLACK POINT PART WAY TO COST \$131,652

The bids for paving the Black Point cut-off from Ignacio to Fairville were opened by the Highway Commission on Monday. Grant Smith Co. bid \$138,204 for asphaltic concrete and R. J. Blanco of Vallejo \$131,652 for cement concrete. This amount is about \$20,000 less than the estimated cost.

The Valley of the Moon Chamber of Commerce is having the Valley of the Moon sign talked of, erected at the intersection of the Cut-off and main highway near Ignacio. With the Cut-off surfaced, it is expected much traffic will come this way.

WESLEY TRUDGEN HAS HAD HARD VOYAGE

Wesley Trudgen who shipped on the sailing vessel Monongahela in January 1920 has had many adventures before the mast and after being in dire straits for a long time in foreign waters is now said to be stranded and unpaid together with twenty-four other boys who signed up from San Francisco. His ship after making New Zealand, Australia and Manila started for home but was blown into the China sea by adverse winds and thereby becalmed for 107 days. Provisions ran low and the crew endured the greatest hardship until rescued and towed back to Manila. There the boat and cargo were sold to a New Yorker, but he went broke. The vessel has been lying in the stream with no prospects of returning here and the seamen have not been paid in months.

The State Department has been appealed to and influence is being brought to bear to get what is coming to the boys and have them brought back to San Francisco.

Trudgen's young wife and the pretty baby he has not yet seen await him here and his parents also are much concerned over his predicament and are looking forward with anxiety to some action at Washington, D. C., whereby he will be able to come home.

DANCE TONIGHT AT PANCAZZI'S.

One of the enjoyable dances for which Pancazzi's is famous will take place tonight. The usual ravioli supper will also be an attraction.

BAD LUCK FOLLOWS THIS BOY TO GLEN ELLEN.

Russell Kirk, a young San Franciscan who met with a motorcycle accident over two months ago and has been in Glen Ellen preparing for an operation in which he was to have his leg amputated, met with a second accident at Glen Ellen one night this week and was badly burned. The gasoline in the tank of his machine ignited from a cigarette he was smoking and exploded. Kirk was severely burned and was rushed to the State Home for first aid treatment after which he was removed to San Francisco.

Denise Gordenker, little son and Mr. Gordenker's sister, Mrs. Nellie Tietjen were visiting friends here Wednesday. Gordenker who has extensive plantation interests in the Philippines will sail for home on the 14th. He has made his home in the Islands since his graduation from the University of California in 1901. Mr. Gordenker's plantation consists of 700 acres principally planted to coconut trees.

These girls are intelligent, not intellectual. Some of them are more intelligent than the intellectual free women. Their wits are sharpened from contact with the world."

STATE FARM BOOSTED.

Dr. Equi is beginning a campaign to have the women prisoners at San Quentin transferred immediately to the new farm provided for them near Sonoma.

"Here the women will live an outdoor life and will be able to work and become more self-supporting," says the Doctor. "The girls at Quentin are wild to get on the farm. They are housed in a little square mausoleum, being permitted to go out among the green fields but once a week and having nothing to do to occupy their minds."

Their removal from the prison to the farm is being held up pending the construction of a hospital. I contend that the women can be transferred and the hospital built afterward."

Dr. Equi was sent to San Quentin for a year and a day from Portland for opposing war.

LIFE IS EASY.

"How do women feel and act in prison? Oh, just like women everywhere. They gossip and sew and tat, play handball in the court and some go on the weekly walks about the grounds. They seldom cry. The lifers have a hopeless expression

BAZAAR AND DANCE FOR HOMELESS CHILDREN

Charity Work of I. O. O. F. and Rebekahs To Be Aided By Local Lodges September 29th

The splendid charity supported by the Odd Fellows and Rebekahs who maintain an Orphans Home, one of the best institutions of its kind in the United States, is to be aided by the local Lodges September 29th. A benefit for the Homeless Children fund is to be held at the Womens Clubhouse on that date when a bazaar and dance will be given.

The response has always been so splendid and the success each succeeding year so marked that the Clubhouse is to be utilized instead of the lodge rooms which are too small to accommodate the crowd which always comes to help along the good cause and buy the beautiful handwork of the Rebekah ladies.

Refreshments will be on sale and excellent dance music provided by an augmented orchestra which is a feature of the I. O. O. F. social affairs.

WOMEN PRISONERS WILD TO GET TO BUENA VISTA.

Recently Released Political Prisoner From San Quentin Says Newcomers To Delinquent Women's Farm Here Will Be "Classy" James.

There has been considerable speculation among Sonoma Valley folks as to the kind of wards the State of California is to care for at the new penal institution at Buena Vista. The former Kate Johnson place known as the Castle was purchased about a year ago to be used as a farm for Delinquent Women and according to Dr. Marie D. Equi, recently released political prisoner from San Quentin, the women are yearning to get here and will be bright, classy James. Here is what the Oakland Tribune reveals:

"Girl prisoners at San Quentin penitentiary are the smartest women fellows in the United States, according to Dr. Marie D. Equi, political prisoner, who has just been released from the prison and who says that the latest styles are all the vogue at the Marin county resort."

"The women inmates at San Quentin are not morons by any means," Dr. Equi declared yesterday. "They roll 'em down, wear 'em high and the sleek silk-clad ankle and high-heeled shoe are always in evidence at the 'parties' staged in S. Q. F. D." The S. O. F. D. means the San Quentin Female Department, she explained.

The high moral tone at the State prison, however, bars cigarettes for the girls, limits the night owls to 10 p. m., prohibits debutantes from going out unchaperoned, while at the same time countenancing the "shimmy," the bunny hug and the "San Rafael Waddle," Dr. Equi says.

"Western women prisoners are greatly superior in all respects to the inmates of Eastern penitentiaries where the majority in the female departments are morons or lower," Dr. Equi, a graduate physician of Portland continued.

"My cellmates at San Quentin were just the type of bright, pretty 'chickens' that the tired business man cultivates for his amusement. Check-passers, murderers, women of the street, forgers and narcotic addicts mingle together, crochet, sew, cook, read books, discuss the latest styles or dance in the big living room to the jazz tunes of a piano, just like their sisters outside."

"These girls are intelligent, not intellectual. Some of them are more intelligent than the intellectual free women. Their wits are sharpened from contact with the world."

STATE FARM BOOSTED.

Dr. Equi is beginning a campaign to have the women prisoners at San Quentin transferred immediately to the new farm provided for them near Sonoma.

"Here the women will live an outdoor life and will be able to work and become more self-supporting," says the Doctor. "The girls at Quentin are wild to get on the farm. They are housed in a little square mausoleum, being permitted to go out among the green fields but once a week and having nothing to do to occupy their minds."

Their removal from the prison to the farm is being held up pending the construction of a hospital. I contend that the women can be transferred and the hospital built afterward."

Dr. Equi was sent to San Quentin for a year and a day from Portland for opposing war.

LIFE IS EASY.

SONOMA MEN VIEW OIL PROSPECTS OVER THE HILL.

L. Quartaroli and W. L. Murphy went over on the Petaluma side on Wednesday to view the operations of the Ansonia Oil Company, which is drilling for oil on the Ducker ranch about 10 miles from here on the adobe road. The casing has been set and the dwellers are down 300 feet with excellent prospects apparent. The company has 3100 acres under lease and the land has given indication for many years that it has highly oil impregnated shale deposits and gas. In 1908 Dazell Brown started development work and several wells were drilled. The operations at that time were carelessly conducted and finally abandoned although indications were encouraging. About 900 feet from one of these former wells, the new well has been sunk.

The operations are of particular interest to Sonoma Valley inasmuch as geologists who have been making tests on this side of the mountain declare the seepage found on the Petaluma side comes from the Valley of the Moon and that here will be found the fountain head of the oil sought. On the other hand three big geologists, among them Dr. Brass and former State geologist McLaughlin, tell the Ansonia people that the Ducker ranch is worthy of a drill test and gives the best indications in their experience of a rich oil bearing area.

The Sonoma visitors to the Ducker ranch brought back some samples of shale which oil men of experience declare look as good as lots found when nearing the actual oil sand in deep wells. The samples were picked up on the surface along the creek and have been on exhibition at the Index-Tribune office.

Prominent Petalumas seeing the great possibilities for Petaluma with the shipping facilities and water frontage should an oil strike be made, are backing the new company. Messrs. Hedges, Patcheler, McNear, Gutermute, Lumsden, Gambini, Doss, Corniff and many others are stockholders.

J. Henry C. Boig, formerly of Texas and Roy Slater of the company were here Wednesday, interesting Sonoma people in their property. Messrs. E. J. Harris and W. W. Carter drove over to Berryessa Valley near Napa this week to view oil operations there. Oil is being drawn up with a bucket out of an 18 ft. pit. The tests there are showing wonderful indications a tunnel having also been made into hill, and a test drill sunk at the top of the hill. Vallejo, Napa and Sacramento men are interested in the Napa county project. Harris & Carter declare with oil all about us, Sonoma Valley is sure to have its share or better. They will not begin operations here, however until sufficient acreage is signed up to justify it.

Harry Dwyer and one of the Kiser boys are enjoying an outing among the big trees of Santa Cruz county.

about their faces that is pitiable, but the short termers take it easier. You see, a good many of the inmates have served terms in city and county jails where conditions are so much worse that San Quentin seems like a nice place to them.

SONOMA N. S. G. W. PLAN TO HONOR EX-SOLDIERS

Local Parlor To Erect Tablet In Plaza Out of Memory To Boys Who Went To War.

At the last regular meeting of Sonoma Parlor No. 111 Native Sons of the Golden West, it was definitely decided to erect a handsome memorial on the Plaza to the boys from Sonoma Valley who went to the wars. Just what form the memorial will take has not yet been agreed upon but it is certain that a bronze tablet suitably inscribed will tell succeeding generations the appreciation and pride felt by the local Native Sons for the patriots who entrained for the various contentments during the great conflict overseas. Some special homage will be paid on the tablet to those boys whose star on the community service is of gold, the heroes of Sonoma Valley who gave their lives while in the service of their country.

A committee consisting of President Earl Revie, F. T. Duhring, and Trustees Geo. McGill, Joe Kiser and J. F. Prestwood of the Parlor was chosen to get data from Solano county, where a tablet was recently erected for ex-service men, and from other sources where a study has been made of suitable memorials. It has been suggested that drinking fountain set in a specially planted grove of trees might constitute a fitting soldiers' memorial in Sonoma's plaza.

It is hoped by the Native Sons to have the placing of the tablet accompanied by appropriate exercises.

BOYES SPRINGS NOTES.

Our former star, Art Hickman, is now filling an engagement at the Alexandria hotel in Southern California, having severed his connection with the St. Francis. He is later to fill an important theatrical engagement with his famous jazz orchestra. A Vallejo firm has gone into the lumber business at Boyes and the office of the company is already built. "Mayor" Minges has leased property adjoining him and is to do some more building.

A Sonoma Vista man has good oil prospects in the creek bed on his property and sent the specimens of his luck to a chemist for analysis.

Chief Cause wishes to extend special thanks to Mr. Chambers for his fine work at the fire engine benefit.

Tony Francheski the handsome Sonoma barber, has purchased two lots near the bath house. A bungalow for two or business property we don't know yet!

It is rumored that the Sonoma Valley Grill proprietors Sam and Barney will put up an amusement place here next season with moving picture theatre.

Splendid progress is being made on the new bungalows being erected in this vicinity.

Mr. and Mrs. George Stickel, (nee White) newlyweds, were given a welcome home party upon their return from their honeymoon. They are residing in one of Sam Sebastian's bungalows.

SONOMA VALLEY FRUIT AWARDS AT COUNTY FAIR

Sonoma Valley's display at the County Fair resulted in a special award to the hops displayed by Kearney brothers and the following blue ribbons to fruit growers:

1st prize, Standard Prunes, Z. Lane
1st prize, Robe de Sergeant, N. Wirtz
1st prize Egg Plums, Joe Fernandez
1st prize, Quinces, Frank Knolle
2nd prize, Apples, two varieties, J. Picetti
2nd prize, Apples, Breitenhamer, John Fox
Sonoma Valley growers by making a better display next year can without a doubt capture many cash prizes

FOUR CITY TRUSTEES TO BE ELECTED NEXT TIME

At the next city election for Sonoma, in the spring of 1922, the voters will elect four trustees to serve on the Board, the duly holdover being Mayor Fred Bulotti who was elected for the four year term. The original Board consisting of Trustees Campbell, Dal Poggetto, Breitenbach, Beretta and Bulotti has completely changed its personnel through the removal of Campbell to Arizona, the resignation of Trustees Breitenbach and Beretta and the death of Mayor Dal Poggetto. Mayor Bulotti is the single exception and being a long termer will continue in office. Three trustees are to be chosen for the 4 year term and one for the two year term.

The present appointees, members of the Board, Messrs H. E. Bates, E. T. Lindley, Sam B. Lewis and F. W. Dobbel will undoubtedly be candidates at the regular election.

NEW CAR OWNERS

The Cuicci family is the proud possessor of a handsome new Buick car of the Sedan style. Mr. and Mrs. James Tate are driving a beautiful Chandler Sedan.

Sonoma, California, September 3, 1921.

HIGHWAY COMMISSIONER'S REPLY AND THE LOCAL SITUATION.

THE MANNER OF BUILDING HIGHWAY in California and the policy of the Highway Commission was discussed in these columns recently under the heading "Crazy Quilt Design In Highway Building." The article came to the attention of the Commissioners, and Commissioner Whitmore who is himself a newspaper man writes in explanation as herewith given. In fair play we publish Mr. Whitmore's letter but we wonder if he realizes how Sonoma, Napa and Marin counties feel concerning the Black Point cutoff about to be surfaced only part way when two bond issues, in both of which this piece of road was provided for, have failed to make a complete job of it. The counties above referred to have good money invested in the stretch of road which was designed to connect up the Sonoma valley and San Francisco bay, in time for the P. P. I. Exposition in 1915 and yet year after year goes by with the road still in crude condition and the Commission announces it cannot see it's way clear to complete the surfacing job yet. The few miles this side of Fairville should be finished up when surfacing starts. Perhaps the gentlemen of the Commission will see that it would be cheaper to complete the job now than at any subsequent time and will find some way to get the money to do it. With the downward trend in prices there should be a saving somewhere that could be applied to this long waiting uncompleted stretch of state road.

The voter's state of mind toward future bond issues cannot be changed by newspapers but the road conditions immediately about him will have a lot to do with his decision, and the day of baiting him along with a little piece of finished road here and there has passed. Efficient accomplishment of work in hand and the ability to make a dollar function for a Commission as it would for an individual is what the people want to see before they vote another cent to close the gaps in our state highway system.

Commissioner Whitmore writes as follows:

August 25, 1921.

Editor, Sonoma Index-Tribune,
Sonoma, California.

Dear Sir:

I have in hand a copy of your editorial in your issue of August 13th discussing State highway matters. I notice you have designated our construction as a "Crazy Quilt Design."

The Commission has been obliged to view State highway construction from a State-wide standpoint. The people have provided in their bond issues for a State system of 3560 miles. The State has been divided up by the Commission in seven divisions in order that construction might be carried on in all parts of the State simultaneously. It would have been impossible for the Commission to have started out to build one route after another in progressive fashion, concentrating all of our efforts in one section of the State at a time. In the first place, we could not have handled the volume of work; in the second place, physical obstacles would have prevented, and in the third place the people would not have stood for it.

There are 58 counties in California—all clamoring for their share of state highway.

We have had to distribute State highway work so that all sections would get their just share of construction as nearly as it is humanly possible to accomplish that result; with reasonable regard for the necessities of through traffic and the relative importance of route location. There are today uncompleted roads in every section of California and there probably always will be. The Commission has completed about 3100 miles out of 3560 miles.

As you are probably aware the last bond issue was entirely budgeted to particular pieces of construction. On the Healdsburg to Cloverdale section, the amount of \$250,000 was set aside to pave this road. This estimate was made on a basis of pre-war costs and on a lighter type of construction than the Commission is now building. When we advertised for bids on this section, we specified a 5 inch reinforced concrete base, 18 feet wide. When the bids came in they were \$165,000 over the allotment. The Commission had no recourse except to reduce the mileage and hold the construction down to the allotment, unless we wished to take the money from some other road to complete the section between Healdsburg and Cloverdale. Inasmuch as you would not relish the Commission diverting the funds which are in the bond issue for the construction of the road from Santa Rosa to Schellville, to augment the budget for a piece of construction in southern California, so it would not be fair for the Commission to take the money allotted to a road in some other portion of the State to complete the section between Healdsburg and Cloverdale. The Commission is doing the only fair thing possible and much as we regret it, the final paying of the entire distance between these two points must await future financing.

You refer to the Automobile Clubs criticism in Imperial Valley. I may say to you that this criticism has absolutely no basis; money for the entire construction by the State of the road from San Bernardino to Imperial Valley was never provided until the last bond issue and since that time the Commission has made a record for rapidity of construction unexcelled in the State of California.

The same inadequacy of allotment to which I referred above will prevent the complete paving of the Black Point Cut-Off, which you mentioned, and it is doubtful whether there is sufficient funds in the bond issue for the entire construction of the Santa Rosa-Schellville road, but we can assure you that every cent in the bond issue will be spent on your road.

I think this will show you that the Commission is endeavoring to play fair with all sections of the State, but at the same time it must impress you with the fact that more money must be provided for the roads included in the bond issue before they are completely finished.

The continued attacks of the Automobile Clubs on the State highway work (especially as 90 per cent. of the statements made by them are false) cannot fail to disturb the confidence of the people in the integrity of their highway system and if this disturbance should be carried to such a degree as to defeat future financing, it will be a very regrettable situation.

The responsibility of newspapermen, under the circumstances, is a grave one and their duty should be to ascertain the truth and to have their editorial policy guided by the best interests of all the people of the State.

Yours very truly

CHAS. A. WHITMORE

Commissioner.

It's hard to swallow the stuff you read in "dry" papers, that's the reason some of them are giving away soft drinks with a year's subscription.

FOUR MORE COUNTIES PROTEST DELAY

COLUSA, Aug. 30.—As the result of a meeting of good roads boosters from four counties held in this city it was decided to send a committee to the State highway commission to ascertain why work had not been started on the lateral in the counties provided in bonds voted three years ago. The original route of the Ukiah-Lake Tahoe highway was endorsed. Yuba, Lake, Colusa, Nevada and Mendocino counties were represented.

TO HOLD EXAM FOR POSTOFFICE JOB AT ELDRIDGE

Competitive examinations for the postmasterships at Geyersville and Eldridge will be held in September at Santa Rosa, according to notice of the U. S. Civil Service commission, Washington, D. C. The examinations are open to all and the positions will be filled from the highest results.

PROMINENT VISITOR FROM SAN FRANCISCO

Mrs. O. H. Fernbach, wife of the well known newspaper man who was a Major during the war and also prominent during the Panama Pacific Exposition, is enjoying an outing at Boyes Springs. Mrs. Fernbach is a well known club woman, member of the California Club in San Francisco. She has met a number of old friends while sojourning in the Valley of the Moon among them, Mrs. W. L. Murphy of the Index-Tribune.

GOING TO NEW YORK.

Max Kaplan, Sonoma's live wire merchant leaves the coming week for a business trip to New York. He will buy goods for himself and other merchants of San Francisco.

This is the first time our city has had a buyer go direct to New York which shows Sonoma is getting on the fashion map.

The Weyl brothers and Postmaster John Wagon shot a 148 pound deer in the hills back of town last Sunday. The Weyl boys and John are good mountaineers and usually know just where to get their venison every year.

Ken Gilbert of the Index-Tribune staff has been enjoying a week in the Santa Cruz mountains, visiting the Big Basin and giants of the Redwood Park forest.

Mrs. Ed. T. Lindley and son have been visiting friends in San Francisco and suburbs. Trustee Lindley motored down the first of the week to bring them home.

CARD OF THANKS.

In behalf of the Boyes Springs and Valley Volunteer Fire Department I wish to thank all who contributed toward the success of the recent benefit for the Valley Angel. To those who gave cash donations, to those who sent produce from which we realized money and to all who contributed their talent to the entertainment we are most grateful. We wish to extend particular thanks to Miss Frances Fay, Johnny Dale, Wilson's orchestra, the clever juveniles, and to Dr. Butler of the State Home, through whose courtesy talent from the institution was furnished.

GEORGE CAUSE,
Chief of Boyes Springs and Valley Fire Dept.

P. S.—The drive is still on for funds to meet the payment coming due on the Valley Angel. If you have not yet contributed you still have time to do so. The Chief.

SCHOOL SHOES AT LOWER PRICES

THE YOUNGSTERS LIKE OUR SHOES

And so does the Mother. The youngster because of looks rather than utility perhaps, but the mother because of both. Shape is the important point when you consider growing feet. Wear comes next. And then appearance.

All three qualities are found in the style here pictured.

Black or Brown Calf Up-pers Solid Leather inner and outer soles reinforced where wear is the hardest.

A Sturdy, Stylish and comfortable Shoe.

Note the new Prices.

CHESTER SUES TIERNEY IN THE WATER COMPANY MIX-UP

Following judgment for wages secured by Thos. F. Tierney against the Sonoma Valley Water, Light and Power Company to satisfy which certain parcels of land at El Verano have been advertised for sale, W. J. Chester representing the corporation has filed a counter claim for \$2335 which is alleged to have been collected by Tierney when he was in the employ of the company.

Here is what a county seat paper says about it: "The Sonoma Valley Water, Light and Power company is suing Thomas F. Tierney in the superior court for the sum of \$2335 which they claim was collected by the plaintiff for the defendant company but was never paid."

The electric company claims in the complaint that the plaintiff sold property belonging to them and collected rents and light and water bills from patrons and never turned over any of the amount to them. They are suing for the amount of \$2335 and interest on the amount from the time due and the costs of the action.

Vallandigham and Quackenbush are attorneys for the plaintiff.

OF INTEREST TO EX-SERVICE MEN

The Sweet Bill became a law on August 8th when President Harding affixed his signature, ending a heroic struggle of two and a half years for the decentralization of the War Risk Bureau.

The Wason Bill, which provided for this means of speedy relief for our disabled veterans, was passed by Congress after a two-year struggle, was vetoed by President Wilson.

The Sweet Bill just passed by Congress, embodies the provisions of the Wason Bill together with other desirable features. Under this new law the War Risk Bureau is decentralized into fourteen regional offices, with 160 sub-offices. The decentralized War Risk Bureau, the U. S. Public Health Service and Federal Training Board, insofar as they have to do with ex-service men and women are all consolidated under the head of a newly-created Veterans' Bureau.

President Harding has nominated Col. Chas. H. Forbes, present director of the War Risk Bureau and U. S. Public Health Service, for director of the Veterans' Bureau.

The reorganization will take place and go into effect immediately.

Under this plan, the agencies for veteran relief will be removed from the jurisdiction of the Treasury Department and the director will be directly responsible to the president, thereby removing these relief agencies entirely from political patronage.

Another feature provides that in cases of mental derangement and tuberculosis, that the burden of proof shall rest upon the government for two years from date of discharge of the applicant.

In other words, if an ex-service man or woman develops either malady within two years after date of discharge, it is conceded that such condition is due to military service and that the compensation will be immediately awarded. Thousands of pitiable cases will thus be automatically provided for.

MRS. DAL POGGETTO'S BROTHER DIES

Eugene Proletti, a brother of Mrs. Chas. Dal Poggetto died at his home in Anderson, Shasta county, Sunday. When word of his death reached his Sonoma relatives, Miss Alma Dal Poggetto and Mr. and Mrs. Angelo Beretta made plans to attend the funeral. They motored to Anderson in the Beretta car, getting there Tuesday for the last sad rites at the home of the deceased.

Eugene Proletti was a native of Italy and leaves several brothers, one of whom resides at Benicia and his sister, Mrs. Dal Poggetto to mourn him.

LONDON SHORTHORNS PRIZE WINNERS

Irving Shepard of the Jack London ranch, Glen Ellen, took many prizes with his shorthorns at the County Fair. The awards were as follows:

- Shorthorn
- Two-year-old Bull—Golden Millmar, Irving Shepard.

- Grand Champion Bull—Golden Millmar, Irving Shepard.
- Senior Champion Cow—Bonnie Belle 15th, Irving Shepard.
- Reserve Champion Cow—Bonnie Belle 15th, Irving Shepard.
- Junior Champion Cow—Village Girl, Irving Shepard.
- Grand Champion Cow—Village Girl, Irving Shepard.

BOOTLEGGERS MUST PAY \$1000 LICENSE

Bootleggers in different parts of Sonoma county who have been arrested and convicted, and who have pleaded guilty during the period since national prohibition went into effect were given a surprise Monday, when they, or some of them at least, received an official envelope containing a bill from Uncle Sam in the amount of \$1000, added to the fine they had already paid, and in some instances penalties were attached to the \$1000.

The \$1000 is in the nature of a yearly license, or it may be construed to be a special tax on their failure to abide by the law. But whatever it is, the demand for \$1000 has been sent from the internal revenue office, and like most of Uncle Sam's demands, it must be met.

One man who pleaded guilty to a violation of the Volstead law at the hands of the federal authorities exhibited Monday the demand sent him by the government for the \$1000 tax, and to it was added \$69 in the form of a penalty. If a man was convicted or pleaded guilty to a disobedience of the federal prohibition law in June, 1920, or who disobeyed again in July 1921, the government's imposition for the offenses will be \$2000, at the rate of \$1000 each year.

There are a number of Sonoma county violators who will have to meet this additional penalty imposed by the government.

VISITS HIS SISTER

Jack Lewis, brother of Mrs. B. E. Streeter and Kenn Lewis of this valley just arrived from Sequoia, Sierra Nevada mountains where he enjoyed a week's vacation. He was accompanied by Mr. and Mrs. Hogue, Russell Hogue, Elsie Moon and her sister Doris, who are from Visalia. Mr. Lewis is now spending a few days at Mr. and Mrs. Streeter's and then he is going on a trip north where he expects to stay for some time.

Miss Mildred Erickson recent High School graduate has been the understudy of Librarian Kate McDonnell the last couple of weeks and will be the librarian pro tem during Miss McDonnell's vacation.

THE U. S. NOBBY TREAD

Where the going is specially heavy with snow, mud or sand, in hilly country where maximum traction on the road is a factor, no other tire tread yet devised is quite so effective, or so wholly approved by motoring opinion, as the U. S. Nobby Tread.

Its very simplicity—three rows of diagonal knobs, gripping the road—is the result of all the years of U. S. Rubber experience with every type of road the world over.

If every one
listened to experience,
how much they'd save

STOP and talk to the next man you see with U. S. Tires on his car. Ask him why.

Most likely you'll hear an interesting story about his tire experiments—before the answer was found. Money wasted. Promises unkept. Trouble on the road—humorous to every one except the man who went through it.

Finally U. S. Tires. And U. S. Tires ever since.

Perhaps it's the experience of U. S. Tire buyers that makes them more emphatic in their preference than ever this year.

When these men have tried most

everything by the way of "staggering bargains", "hurrah discounts", "discontinued lines at less" and so forth they know what not to get.

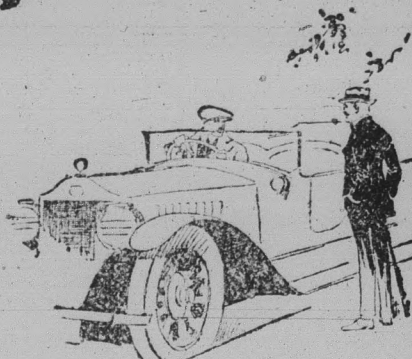

They want a fresh, live tire. With a good reputation. That's everything it says it is. With the people behind it who back it up.

There are 92 U. S. Factory Branches.

Your local U. S. Dealer is drawing upon them continually to keep his stocks sized up, complete—to give you service.

Whenever he gets one or a hundred tires from a U. S. Factory Branch, they are newly made this season's tires.

Sold to you at a net price. Full values. Square-dealing. A reputable maker. A reputable dealer. The whole transaction as befits the leadership of the oldest and largest rubber organization in the world.

"Stop and talk to the next man you see with U. S. Tires on his car."

RETURNED FROM

PACIFIC GROVE

Mr. and Mrs. Ralph Hotz and son, Preston, returned this week from Pacific Grove where they have been enjoying a week's outing at the sea shore. Mr. Hotz declares that Pacific Grove people do everything possible to interest visitors and make of them good boosters for the Grove. They supply plenty of descriptive literature of the locality and its points of interest, make the most of their old Mission, have a paid band at a cost of \$5000 per season giving concerts twice daily, and of course feature their surf bathing and aquatic advantages. Mr. Hotz believes Sonoma valley could take many pointers from successful resorts such as he visited and that with our many landmarks, scenic beauties, peerless mineral waters and improved roadways leading here, we could have one of the most popular vacation grounds in the West.

While at Pacific Grove the Hotzs met Miss Burchard, Sonoma Grammar School teacher, who has been sojourning there.

Mrs. Arthur Fisk and daughter of Pacific Grove have been visiting here.

NOTICE OF GUARDIAN'S SALE OF REAL ESTATE (AT PRIVATE SALE).

In the Superior Court of the County of Sonoma, State of California. In the matter of the Estate and Guardianship of Salvatore Canciamilla, an insane person.

No. 7763. Dept. 2. Notice of Guardian's Sale of Real Estate (At Private Sale).

Whereas, it is necessary to sell all of the real property belonging to the Estate of Salvatore Canciamilla, an insane person, to pay for his care, treatment and support at the Napa State Hospital for the Insane, and also to pay for the maintenance of the family of said insane person:

Public notice is hereby given, that I, Maria Canciamilla, guardian of the person and estate of Salvatore Canciamilla, an insane person, will sell, on or after Wednesday the 31st day of August 1921 in the County of Sonoma, State of California, to the highest and best bidder, and upon the terms and conditions hereinafter mentioned, at private sale, subject to confirmation by said Superior Court, the following-described real property belonging to the Estate of said insane person, to-wit:

An undivided one-half interest of in and to all those certain lots, pieces or parcels of land situate, lying and being in the Town of El Verano, County of Sonoma, State of California, and bounded and particularly described as follows, to-wit:

Lots Three (3) and Four (4) in Tract J, containing 12.22 acres, as shown and designated on the "Map of the Town of El Verano, and Subdivisions of adjoining property of the Sonoma Valley Improvement Company," filed in the office of the County Recorder of said Sonoma County.

Together with a like undivided interest of, in and to all buildings and improvements thereon.

Terms and conditions of Sale: Cash, in United States Gold Coin or its equivalent; ten (10) per cent. of the purchase price payable at the time of sale, and balance on confirmation of sale by said Court and delivery of deed; deed at expense of purchaser.

Bids and offers must be in writing, and may be left at the office of Robert A. Poppe, attorney for said guardian, at his office on the east side of the Plaza, in the City of Sonoma, in said county, or may be delivered to said guardian personally, or may be filed with the clerk of said Superior Court, at any time after the first publication of this notice and before the making of said sale.

Dated August 13th, 1921.

MARIA CANCEMILLA, Guardian of the person and estate of Salvatore Canciamilla, an insane person.

ROBERT A. POPPE, Attorney for Guardian. First publication, August 13th, 1921.

NOTICE OF TIME AND PLACE FOR PROVING WILL

C. C. P., Sec. 1303.

SHERIFF'S SALE Under Execution

THOMAS F. TIERNEY, Plaintiff vs. SONOMA VALLEY WATER, LIGHT AND POWER COMPANY, a corporation, Defendant.

By Virtue of an Execution, issued out of the Superior Court of the County of Sonoma, State of California, on the 21st day of July, A. D. 1921, and to me directed and delivered for a judgment rendered and entered in said Superior Court, of the County of Sonoma, State of California, on the 15th day of July, A. D. 1921, in favor of Thomas F. Tierney, plaintiff, and against Sonoma Valley Water, Light and Power Company, a corporation, defendant, for the sum of Nine Hundred Forty-Eight and 09/100 (\$948.09) Dollars, lawful money of the United States, damages, with interest thereon, from the date thereof at the rate of seven per cent. per annum till paid, together with costs and disbursements at the date of said judgment, in the sum of \$60.70, and accruing costs in the sum of \$1.00; The whole amount aggregating \$1008.79 lawful money of the United States, and the same to be at interest at the rate of seven per cent. per annum till paid.

Now Therefore, in pursuance of said judgment, and execution issued and to me directed, I have levied upon the following described real property situate, lying and being in the County of Sonoma, State of California, and described as follows, to-wit:

All of those pieces and parcels of land situate, lying and being in the County of Sonoma, State of California, more particularly described as follows, to-wit:

Commencing at the Westerly intersection of Lots 49 and 72 of "Subdivision of the Lewis Ranch," as same is laid down and so designated upon a certain map entitled "Subdivision of the Lewis Ranch," recorded March 8th, 1912, in the office of the Recorder of the County of Sonoma, State of California, and filed in Book 27 of Maps, at page 21; running thence due West 1042.8 feet to a stake driven at the intersection of said line with the Westerly line of the original 640 acre tract decided by M. G. Vallejo and wife to Nicolas Carriger; thence North 45 degrees West 3000 feet to a stake; thence Northerly to a stake driven at the bend in the Northerly line of the original 235 acre tract decided by M. G. Vallejo and wife to Nicolas Carriger; said stake being 233.7 feet Westerly from the Northwest corner of the original 640 acre tract above referred to; thence South 84 degrees 15 minutes West, 1008.5 feet; thence South 17 degrees 15 minutes West, 50 feet; thence South 54 degrees 30 minutes East, 188.8 feet; thence due South 130.7 feet; thence South 5 degrees East, 120.8 feet; thence South 42 degrees 45 minutes East, 100 feet; thence South 29 degrees 15 minutes East, 142 feet; thence South 39 degrees 45 minutes East, 103.2 feet; thence South 17 degrees 30 minutes West, 175 feet; thence South 32 degrees West, 175 feet; thence South 22 degrees East, 240.2 feet; thence South 42 degrees 15 minutes East, 161.7 feet; thence South 2 degrees 30 minutes West, 180.8 feet; thence South 12 degrees East, 184.8 feet; thence South 20 degrees East, 169 feet; thence South 30 degrees 30 minutes West, 257.4 feet; thence South 22 degrees East, 240.2 feet; thence South 42 degrees 15 minutes East, 161.7 feet; thence South 2 degrees 30 minutes West, 180.8 feet; thence South 12 degrees East, 184.8 feet; thence South 20 degrees East, 169 feet; thence South 30 degrees 30 minutes West, 257.4 feet; thence South 22 degrees East, 240.2 feet; thence South 42 degrees 15 minutes East, 161.7 feet; thence South 2 degrees 30 minutes West, 180.8 feet; SUPPLEMENT.

VOL. XLIII

SONOMA, SONOMA COUNTY, CALIFORNIA, SEPTEMBER 3, 1921

NO. 2

"FEEDING THEM TO THE SQUIRRELS"

Thelma, 7-year-old daughter of a California almond grower feeding her father's almond crop to her pet. Unless Congress amends the tariff on almonds, growers say they will have to follow Thelma's example.

RUDOLPH SPRECKELS INTERESTS HIMSELF IN THE FIRE DEPARTMENT

Rudolph Spreckels who owns the handsome Sonoma Valley estate known as Sobre Vista is interesting himself in the Boyes Springs Valley Fire department. Some products from his ranch were sold for the good cause and brought a tidy sum and that the wealthy owners of Sobre Vista may further assist the volunteer fire ladders is indicated by the following interested inquiry from Mr. Spreckels to the Chief:

August 24, 1921

Mr. W. B. Cause, Chief
Boyes Springs & Valley Fire Dept.
Boyes Springs, California.
My Dear Mr. Cause:

This will acknowledge receipt of your letter of the 22nd inst.

I would like to know something about the financial situation of your department. When was the fire ap-

TO ENLARGE FURNITURE DEPARTMENT.

The growing business in Clew's furniture department necessitates more room so the present quarters are to be enlarged and a lot of fine new stock put in. Pending alterations Clew offers special inducements. See adv.

paratus bought, what did it cost and how much remains unpaid? What is the cost of running the department and what are the charges? Who owns the apparatus? Did the Boyes Hotel and residents near you contribute and how much?

I have authorized my foreman to contribute chickens, rabbits, etc., same as last year, but I would like to have the above information in order that I may know what your needs are.

Yours very truly,

R. SPRECKELS.

SHOT CHIEF OF POLICE FLOHR AND WAS KILLED

Chief of Police Marcus Flohr of Petaluma is at the Petaluma General hospital seriously wounded and weak from loss of blood, as a result of an encounter with a thug, who is believed to be Roscoe Johnson of 511 Seabright Avenue, Santa Cruz. Chief Flohr located the man in the hills south of town after an all night search in which he was assisted by the officers of the police department, deputy sheriffs and constables. The thug was killed by one of the special officers as he attempted to "get" Flohr.

"What are you doing here?" asked the chief, as he approached the stranger. Whereupon the man, who had apparently been asleep, replied with a shot from a 22 calibre pistol. The bullet went through the middle of the chief's right thigh. As Chief Flohr then wrestled with the thug to get possession of the gun, the man fired a second time. The bullet ploughed through the back of the left knee, went the full length of the thigh and came out through the groin.

Weak from the loss of blood and still fighting gamely for his life, Chief Flohr was losing, when Special Officer Ernest Roberts, who had accompanied the chief to the top of the ledge on the hill, where the fugitive was hiding, appeared and fired the fatal shot that killed the bandit. The man had pressed his knee against Flohr, holding him while he took a direct aim at the chief's abdomen. Special Policeman Roberts was quicker than the thug. Taking aim through the chief's legs, he fired. The bullet struck Chief Flohr in the right leg near the ankle. It is thought that one of the small bones in the leg was broken. After striking the chief, the same bullet went through the bandit's head.

After being seriously wounded, Chief Flohr walked from the top of the hill down to the road where he was placed in a car and rushed to the Petaluma General Hospital where Dr. S. Z. Peoples attended him. He was very weak from the loss of blood. Dr. Peoples says that he will recover, unless complications or blood poisoning sets in.

LOCAL AFFAIRS

Mr. and Mrs. Stevens of Boyes Springs have gone down to Oakland after a delightful visit at their country home. Mr. Stevens is the father of Landers Stevens, the popular theatrical man.

Mrs. Rae Clark who went to Oklahoma to visit her folks has been spending the summer vacation with them at their country home in the Ozark Mountains. She will return to California shortly.

The Flying Needles will meet at the home of Mrs. Able on Sept. 7th, 1921 after a two month's vacation. All members are urged to attend.

Mr. Sam Fisher of Richmond visited with the family of Mrs. Annie Breitenbach over the week end.

CASH DONATIONS RECEIVED BY THE BOYES SPRINGS AND VALLEY VOLUNTEER FIRE DEPARTMENT (August 1921.)

\$100.—Boyes Springs Hotel and A. W. Foster.

\$30.—Fetters Springs.

\$20.—J. W. Minges, Mrs. Duffy Lewis

\$15.—Joe Ryan, Kravitz Donnelly Resort.

\$10.—Miss Ruth Maxwell, Mr. Canobia, Iron Spring Resort, L. Justi, Sonoma Grove Resort, Rosenthal's Tim O'Gorman, F. W. Bolig, R. Waller, El Verano Villa, Sam Button, Mr. Horn, J. Camotta, Mr. Rottenberg, P. Verdier, L. Parente, Mrs. Lyons, Mr. Bigelow, Mrs. Miller, Wm. Steinkamp, H. J. Osther, F. Mailey, Bidwell & Hass.

\$5.00.—Sonoma Lumber Co., Mr. Kearns, Vienna Bakery, J. Zwicker, Sonoma Valley Restaurant, T. Baines B. Lizaro, J. Main, Crane Sanitarium, Mr. Mouyer, Mr. Chauvet, Mr. Dancelli, E. Mullen, Mrs. M. E. Thomas, Fest Farm, D. McCarthy, Mr. Ammam, Mrs. Dutil, Mr. Camaccia, Mr. Joost, J. Revie, Mr. Caroly, Mrs. Franchi, Mrs. Panzar, W. Cohn, Mrs. Gavin, Mr. Benedetto, J. Marks, Schaeffer Resort, Dr. Raney, T. Gasidors, Laura Wickham, Mrs. H. Wobber, Mrs. Jim Post, Mr. Burges, Mrs. L. Roehat, Mr. Little, Mr. Sweeney, Mr. Hansen, Mrs. Higgins, Mr. Panerazi, Susan H. Whiting, Mr. Burg, A. L. Beard, Mrs. Koerberle, Mr. Geo. Darling, J. N. Beach, Mr. Biscioni, Mrs. A. Bernd, Mr. Heggie, B. Gottenberg, Mr. Andrews, A. W. Weaver, W. F. Higgs, Mr. Kroeger, Mr. Burmeister, Geo. Bruns, Mr. Bolig, Mrs. K. Lombard, Mr. Garaventa, Mr. Poulson, Mrs. Nilsen, L. Regusci, Wattriss and Serres, Mrs. Schlaugther, Mr. Caroni, Mrs. Fanning, Mrs. Littleford, Mrs. Dahlquist, Mr. Akers, Oak Grove Resort, J. B. Mini, Mr. Holben, Mr. Signorelli, Mrs. Monroe, Mrs. Borgferd, Mrs. D. Jones, Mrs. Olsen, Mrs. Uphause, M. Mullen, Mrs. Fredericks, T. Nelson, Mr. Offerman, Mr. Baker, Mrs. Kline, Mrs. Blunt, Eric Blomgren, Mr. Fritchen, Miss Jones, Mr. Meek, Mr. Gibson, Roy Burgone, Mr. Peters, Mr. Ewart, Mr. Wolsen, Mr. Larson, Mr. Beezer, Mr. Sloane, Mr. Bush, W. Woodworth, Mrs. Cavanagh, Joe Kearney, H. Becker, Mr. Helmke.

\$3.00 Spitzfadden, Mr. Norrbom.

\$2.50.—Mrs. McDevitt, Mr. Long, J. Howell, E. Deimi, Mrs. Crookson, Mr. Locarnini, Mrs. Solomon, Mrs. Peterson.

\$2.00 E. H. Kenny, J. Raebaud, A. J. Heckmeyer, D. W. Corbin, C. Leack, P. M. Poulson, Mr. Weltker, G. Gramanoff.

\$1.00.—S. Davis, Mrs. Farquar.

Any additional donations will be published next week.

Is Your Name Amongst These Donations? If Not? Why Not?

BIRTHDAY DINNER AT THE MOEBES HOME.

A dinner was enjoyed last Sunday at the Moebes home in honor of Mrs. Moebes' birthday and a fine repast was partaken of by relatives and friends of the hospitable hostess. Among those present were Mr. and Mrs. Joe Bacher, Mr. and Mrs. A. Moebes and daughter of Yallico, Mrs. Rosa Randolph, Mr. Spindler, Jos. Hoffman and Mr. Angish.

Mrs. Moebes was the recipient of a number of nice gifts and many congratulations on her birthday.

Mrs. S. H. Whiting went to San Francisco this week to see a friend, Mrs. Culver, who has just lost her husband. She returned to Boyes Springs after the sad mission.

Mr. and Mrs. Carl Weisshaar of San Francisco will be guests of Mrs. Moebes over Labor Day. The Weisshaar's formerly resided here and are always welcome visitors when they come back to the Valley of the Moon.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

TWO GALA NIGHTS AT DON THEATRE

Wednesday and Thursday were gala nights at the Don Theatre, the regular bill being augmented by a fashion show directed by Mr. and Mrs. M. Kaplan. The graceful models were some of Sonoma Valley's fairest daughters, among them Misses Hansen, Arriola, Marmori and Rotenberg.

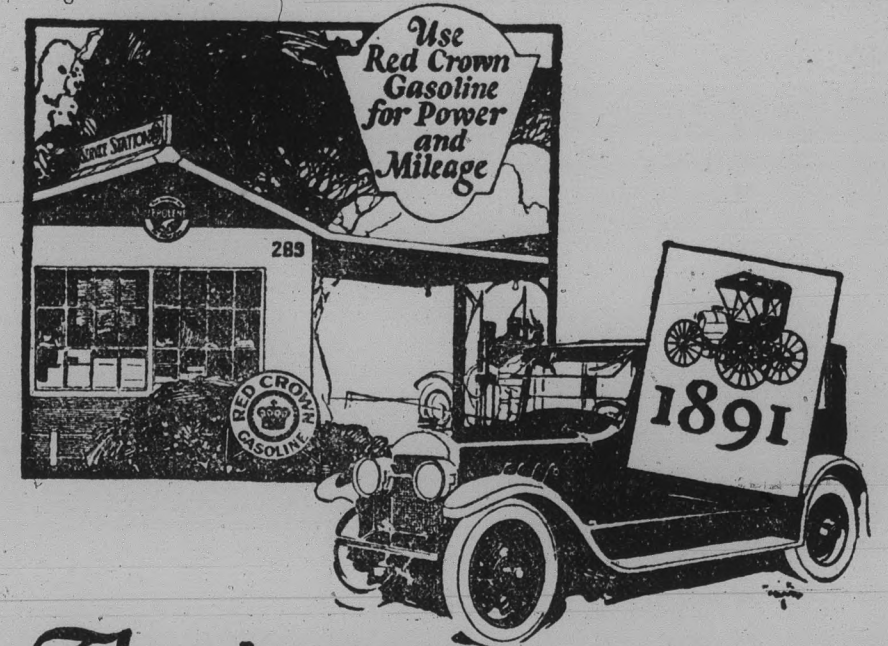

Manager John Mohr had a good

RETURNS TO HONOLULU.

Mrs. Ralph Buchan, enroute home to Honolulu from a visit to her parents in Iowa was in Sonoma for a day or two, visiting Mr. Buchan's mother. She sailed Wednesday for the Islands.

Mrs. Eliza Shepard has returned from the Yosemite

crowd and the films shown were excellent.

The development of Motor Transportation

There have been many contributing factors in the development of motor transportation; the perfecting of the motor car in comfort and dependability; the construction of smooth durable highways; the production of a motor fuel—Red Crown gasoline—which meets every test of power and mileage; and finally, the Standard Oil Service Stations at convenient locations, making Red Crown gasoline readily available to motorists.

Look for Standard Oil Service Stations and for the Red Crown sign at garages, service stations, and other dealers. There you will be able to get good service with Red Crown gasoline.

BUICK Correct Lubrication Chart

Engine—27. Daily, or every 100 miles, pour fresh Zerolene No. 5 into crankcase through filler pipe until oil level indicator in crankcase shows "full" or to height of oil try cock on side of crankcase. Avoid overfilling. Best results will be obtained if the oil level is maintained between "half full" and "full" marks on the indicator. To get a correct reading of the oil level gauge, the automobile should be approximately level and the engine not running. When engine is running, the oil pressure indicator on dash should show pressure which will vary with the speed and temperature of the engine. If no pressure is registered, the indication is lack of oil in crankcase, oil pump not working properly, or some obstruction or break in oil passages. The engine should immediately be stopped and the trouble located and remedied.

At regular intervals, as recommended by the manufacturer, or, in the absence of such instructions, every 750 miles, the oil in the crankcase reservoir should be entirely renewed in the following manner: First, remove drain plug in bottom of crankcase, allowing all old oil to drain. This should preferably be done when engine is warm, as the old oil when heated will drain faster, and less of it will adhere to the inner surfaces of the crankcase. Next, replace drain plug and pour four quarts of Calol Flushing Oil into crankcase through filler pipe. Then start and operate the engine under its own power at a moderate idling speed for from one to two minutes, by which time all oil passages and inner surfaces will have been cleansed by the action of the flushing oil. Again remove drain plug and when certain that crankcase is thoroughly drained, replace plug and refill crankcase reservoir with fresh Zerolene oil as specified. Approximately seven quarts of oil are required. When filling the reservoir through filler pipe, care should be taken that no dirt or other foreign matter is carried into the engine with the fresh oil.

Every 2000 miles it is advisable to remove the lower crankcase and clean the oil strainer surrounding the oil pump suction pipe.

Valve Rocker Arms—7. Daily, or

every 100 miles, fill oil reservoir in rocker arm shafts situated on top of the engine with Zerolene No. 5, using oil squirt-gun for this purpose. Oil is distributed from these reservoirs to the valve rocker arm bearings by means of felt wicks.

Fan—2. Every 1000 miles remove plug in fan hub and inject a small amount of Zerolene No. 5. Be sure to replace plug securely.

Timing Gears—5. (on models prior to 1921 only). Every 500 miles remove wing plug on left-hand side of timing gear case, and with oil gun insert about one-half pint of fresh Zerolene Transmission Lubricant "A."

Electric Generator. Every 500 miles inject a few drops of Zerolene No. 5 through oiler on side of distributor housing, 8. Every 2000 miles fill housing surrounding distributor drive gears with fresh Zerolene Cup Grease, injecting same through small opening in front of forward armature shaft bearing housing, 9. Every 500 miles inject a few drops of Zerolene No. 5 through oiler on rear end of generator 11.

Steering Gear Housing—30. Every 500 miles remove oil cup cap on housing and insert fresh Zerolene Transmission Lubricant "A" until positive that housing is full.

Transmission—33. Every 500 miles remove oil level plug on side of transmission case, and, if no oil runs out, use oil gun to inject fresh Zerolene Transmission Lubricant "A" until it begins to overflow through opening. Then replace plug.

Every 2000 miles remove drain plug from bottom of case and allow all old oil to drain. Then remove cover and wash all gears, shafts and interior of case with Pearl Oil (kerosene). When transmission is clean and thoroughly drained, replace drain plug and fill to correct level with fresh Zerolene Transmission Lubricant "A."

Rear Axle Housing—21. Every 500 miles remove oil level plug in rear of housing, and, if no oil runs out, use oil gun to inject fresh Zerolene Transmission Lubricant "A" until it begins to overflow through opening. Then replace plug. At the same time remove adjusting cover on drive pinion housing, 17, and with grease gun fill same with Zerolene Cup Grease.

Every 2000 miles remove rear cap or cover on housing and wash gears and bearings with Pearl Oil (kero-

sene). Wipe out all old oil and kerosene from bottom of housing with clean rags—do not use waste. Replace cover on housing and fill with fresh Zerolene Transmission Lubricant "A" to filling hole level.

Note.—As the bearings in both transmission and rear axle are entirely lubricated by splash from the revolving gears, hard grease should never be used as a lubricant in either place.

Universal Joint—13. As the universal joint is lubricated by oil from the transmission case, no attention is necessary here other than maintaining the proper level of oil in the transmission.

Steering Knuckle Bolts—4, 24. Every 500 miles fill oil cups on top of bolts with fresh Zerolene No. 5. Oil is fed automatically by a wire wick through the bolts.

Rear Axle Spring Seats—20, 41. Every 500 miles lift cap of oil cups and fill with Zerolene No. 5, allowing the felt in oil pockets to become thoroughly saturated.

Wheel Bearings—25, 39. Every 2000 miles remove wheels and wash bearings and hubs thoroughly with Pearl Oil (kerosene). Repack hubs and bearings with fresh Zerolene Cup Grease and replace wheels, being careful to get proper adjustment on wheel bearings.

Spring Leaves—16, 36. Every 500 miles, or whenever springs squeak, clean off all dirt and old oil and apply small quantity of Standard Household Lubricant along the edges of spring leaves. A small brush may be used for this purpose, or the oil applied by means of Standard Household Lubricant Handy Can with a spout attached.

Grease Cups. Daily, or every 100 miles, turn down all grease cups from one to two complete turns, refilling cups with fresh Zerolene Cup Grease when empty. Parts lubricated by grease cups are as follows: Steering Gear Drag Link, 23; Steering Cross Tie Rod, 26; Spring Bolts, 1, 15, 19, 22, 28, 35, 37, 40; Brake and Clutch Pedals, 32; Clutch Release Fork Pin, 31; Clutch Release Bearing Retainer, 12; Brake Shafts, 14, 18, 34, 38; Starter Sliding Gears, 10; Speedometer Swivel Joint, 3.

General Lubrication. Daily, or every 100 miles, use squirt can to apply Zerolene No. 5 to all joints and small working parts not otherwise lubricated, such as spark and throttle connections, brake clevis pin, steering wheel, etc. Care should be taken that oil holes and passages are free from dirt so that clean oil may reach the surfaces to be lubricated.

Schedule of Lubrication

Daily, or every 100 miles: Engine Crankcase Oil; Valve Rocker Arms; Grease Cups; General Lubrication.

Every 500 miles: Timing Gears; Electric Generator and Starting Motor; Steering Gear Housing; Transmission; Rear Axle Housing; Steering Knuckle Bolts; Rear Axle Spring Seats; Spring Leaves.

Every 750 miles: Drain, flush and refill Engine Crankcase.

Every 1000 miles: Fan.

Every 2000 miles: Transmission; Rear Axle Housing; Wheel Bearings.

Note: When daily average temperature is below 45 degrees Fahrenheit, Zerolene No. 3 should be used instead of Zerolene No. 5.

BARBECUE AT LEVERONI RANCH SUNDAY.

Vic and Isador Leveroni leasees of the Snyder ranch had a real party last Sunday when they held a big barbecue and entertained about thirty-five friends at a fine feed prepared by Chef Paul Robin who has Chef Victor of the St. Francis backed off the map, the boys say. Paul is more than a tongs artist declare those who partook of the eats and is a culinary artist of the first water (although water was taboo). Nib Maffei contributed a side of beef for the occasion and there were frijoles and Chili sauce, salad, French bread and trimmings. Not to be outbid by Parente's or such swell places where you get music with your meals the orchestra from Fetters was imported for the barbecue and furnished all the necessary jazz.

Chef Robin had on his official apron and cap as he presided over the banquet board and everyone praised his cooking and the good time enjoyed.

Mrs. Nordwell and Miss Dorothy Nordwell of Berkeley are expected here on a visit to their relatives, the W. J. Minkels.

ASSESSED VALUATION OF CITIES, ROAD AND SCHOOL DISTRICTS.

The assessed valuation of property in Santa Rosa exceeds by more than two and a quarter million dollars the valuation of Petaluma property, according to figures compiled in the office of County Auditor C. A. Pool, and is close to half the total assessed value of all property in Sonoma county cities.

These figures are shown in the two following tables of assessed values in cities and in road districts:

Assessed Values of Cities 1921	
Santa Rosa	\$5,876,735
Petaluma	3,586,820
Healdsburg	1,081,750
Cloverdale	336,100
Sonoma	524,860
Sebastopol	755,565
Total	12,161,830

Assessed Value of Road Districts 1921	
First Road District	\$6,409,245
Second Road District	8,717,790
Third Road District	9,659,290
Fourth Road District	6,121,195
Fifth Road District	4,284,590
Total	35,492,110

Total assessed valuation of County \$47,353,940

Valuations in School Districts.—The recent annexation for high school purposes of county districts to the high and union high school districts of the county, under the law passed by the last legislature establishes some interesting facts in connection with the valuation of taxable property.

Tabulations prepared by the county auditor, show the districts ranking with Santa Rosa first, Petaluma second, Analy Union third, Healdsburg fourth, and the others following in the order named, Sonoma Valley Union, Tomales Union, Geyserville Union, Cloverdale Union, and Galistoga Union. Tomales and Galistoga are out of Sonoma county, but draw attendance from Sonoma county districts.

Sonoma Valley Union High	
Dunbar	\$103,125
El Verano	438,500
Enterprise	89,750
Flowerly	334,940
Glen Ellen	207,905
Huichia	273,770
San Luis	652,040
Sonoma	1,053,680
Trinity	45,425
Tule Vista	76,615
Watmaugh	263,150
Total	3,538,900

VINTAGE FESTIVAL OPENS TODAY

Once a year St. Helena invites her citizens and neighbors to join in honoring the harvest time, and as this is the big holiday season of the year this town bids fair to outdo herself in this annual celebration to be held on September 3rd, 4th and 5th, for the festival spirit is already manifesting itself in the community and success is being encouraged from many sources.

On Saturday September 3rd, the festival will be officially opened with a grand band concert from the pergola from in front of the exhibit hall, after which the queen of the vintage time will be crowned, and the first performance of the vintage show, the pleasing entertainment that will supplant the vintage allegory, will be given in the mammoth tent adjoining the exhibit hall.

While this feature will attract many to its doors, the exhibit hall, where Napa county's finest products of vineyard, orchard and farm will be part of the honors.

The Farm Centers and Granges of the county, together with many individuals, have given their untiring efforts and co-operation to the festival committee and have entered some elaborate displays in the exhibit hall.

While Saturday and Sunday of the festival will draw large crowds, Monday, September 5th, Labor Day, as well as American Legion Day, will be the big day of the festival when the floral and industrial parade will be held.

Among other features will be dancing every afternoon and evening, including the queen's grand ball on Saturday night at the Native Son's pavilion, and the street dance and mardi gras on Monday evening.

Miss Pearl Vaughan of Hanford has been the guest of Mrs. Shirley Weise at Glen Ellen.
